GLASS SAND ON LOCAL ISLAND

There was a well-attended meeting of the Sidney Board of Trade held at Wesley Hall Tuesday evening. Rev. T. Keyworth was introduced to the board and welcomed to its deliberations. Matters under discussion included unemployment relief, the negotiations for a public building for Sidney, the renewed endeavor to secure harbour protection for this port, road development within the district, etc.

An endeavor is to be made to encourage the starting of a plant to manufacture glass on Sidney Island. It is understood that the sand on the Sidney Island Spit is very suitable for this purpose.

The Public Works Department is to be requested to build a road from Centre Road to the West Saanich Road west from Range Road, as it is felt to be much needed in that area, particularly for the benefit of the school children attending North Saanich School.

Other road construction to be asked for include a connection between Marine Drive, at the junction of the East Saanich Road and that road close to Rest Haven, and the West Saanich Road via Wilson Road; and the construction of the connecting link between the West Saanich Road at Patricia Bay and the Marine Road at Deep Cove, via the Towner Park Road.

The president presented a report of the deliberations of the executive of the Associated Boards of Trade of Vancouver Island at their meeting held in Duncan last week at which Mr. Cochran and Mr. Lyle represented the local board.

Reports were made of the visit of Mr. Dickie, the Federal member, and Mr. Gourlay, the assistant engineer of the Dominion Public Works Department, and of Mr. Haynes, the Post Office Inspector, in connection with the board's efforts to secure public works from the Dominion Government in Sidney. A committee composed of the president, Mr. Lyle, Mr. G. H. Walton and the secretary was appointed to interview the Public Works Engineer in Victoria to discuss an alternative scheme for harbour protection for Sidney.

It was found she was suffering from a broken arm. She was able to leave on the afternoon ferry for Victoria, accompanied by a nurse from the hospital. The hood of the automobile was smashed to pieces.

FINE ADDRESS BRAND NEW ON TREE FRUITS PRODUCTION BY STRAIGHT FOR SIDNEY

An excellent meeting of the North Saanich Horticultural Society was held on Thursday, Nov. 6th, in Wesley Hall.

Prof. E. M. Straight, of the Dominion Experimental Station, was the speaker for the evening and gave a most interesting address on "Tree Fruits," demonstrating the layout of orchards, the methods of pruning, planting, etc. In speaking, Prof. Straight said that the Saanich Peninsula, between Sidney and Victoria, is the best district adapted to the growing of pears that he has seen anywhere on the North American continent and nowhere in the world are orchards in worse condition. You can find more neglected trees, with diseases such as scabs, etc., and disease of the bark, in the orchards on the Saanich Peninsula than anywhere else in the world. No doubt there is a big opening for well-grown, clean Bartlett pears. We have a cannery right at our door advertising for Bartlett pears at \$50.00 a ton and as they can not get them locally they are forced to import them from the other side. Washington pears are clean, Island pears are not. From 85 tons of pears purchased by the Saanich Cannery this year only 61 tons were available for canning, making a total loss of 24 tons on this year's purchasing, owing to disease, small fruit and poor shipping methods.

"Talking about 'acres of diamonds,'" continued the professor, "you have them in your own backyard, if you will only grow Bartlett pears as they should be grown."

The site for an orchard should be fairly high, with a good slope, while good drainage is essential. The soil should be prepared as you would prepare it for potatoes. Trees should be planted 30 feet apart. Pruning and spraying are essential as the latter is practically the only means of controlling disease.

The varieties of pears and apples that Prof. Straight named that grow well in this district are as follows: Pears—Bartlett, Bosd and D'Anjou. Apples—Kings, Grimes Golden and Melba, the latter being a new seedling produced at the Experimental Station.

A hearty vote of thanks was extended to the speaker at the close of his address.

Mr. Wells brought to the meeting a special in sweet potatoes, the first to our knowledge that have been grown in Sidney. Mr. Wells does not see why they can not be grown on the Saanich Peninsula. Though these were slightly smaller than those from California he put it down to too early planting.

Mr. L. E. Taylor brought a special in lilies on which he gave a short address.

A box of pears and a box of apples, donated by Mr. Straight, were auctioned at the close of the meeting.

Mrs. Deacon reported on the exchange department stating that she hoped the members would take the opportunity of exchanging some of their bulbs and plants for others they would like to have.

The subjects for competition at this meeting were won as follows: Chrysanthemums—1, Mrs. Harrison; 2, Mrs. J. J. White. Onions—1, Mr. J. A. Nunn; 2, Mr. Corfield. Next month's subjects will be a collection of leaves and berries and a plate of five potatoes.

If the talk that one hears as he moves around town is any indication, there is to be a bumper crowd to hear Dr. Clem Davies give his wonderful lecture entitled "Modern Innocents Abroad" at St. Paul's United Church next Tuesday evening. The anticipation is largely created by the fact that Sidney is to hear this version and see 150 slides for the first time. No one has heard or seen this lecture, nor will they be able to until it is presented in Sidney a brand new production. It will be remembered that when Dr. Davies gave his first account several hundred people who wanted to hear him were turned away from The Royal Victoria Theatre, and when he gave his talk on "The Passion Play" in the Chamber of Commerce Building it proved too small. So fascinating is this subject that it is understood that several car loads of folk are expecting to drive out from the city next Tuesday for this great event. The production will include much of the travel tour and also the beauty and profundity of the The Passion Play at Oberammergau. Musical numbers will also be given during the evening. Folks wishing to hear Dr. Davies will be advised to secure tickets as early as possible. Phone 43 Sidney for full information.

By Review Representative
GANGES, Nov. 13.—On Wednesday afternoon of last week at the monthly meeting of Ganges Chapter, I.O.D.E., Mrs. W. E. Scott, the regent, presiding, it was arranged to send donations to the Kaiser-i-Hind Chapter, India, and also to the Canadian Red Cross. Members were requested to bring gifts of toys and books to the next meeting, Wednesday, Dec. 3rd, when they will be enclosed in the Christmas hamper for the children in the Peace River district. The thanks of the members were conveyed to Captain L. H. Walker, who had kindly presented to the chapter a relic of the old ship H.M.S. Ganges, recently broken up in the London docks. The memento, took the form of the back board from the stern sheets of the captain's galley, and was of polished oak with gilt lettering.

Made to place the gift in some prominent place at Ganges and enclose it in a glass case.

Owing to lack of space this issue the Review is holding over a few articles of importance for next week.

JERSEY HERDS ARE INSPECTED

SAANICHTON, Nov. 13.—The Jersey breeders of Salt Spring Island attended the field day at The Saanich Jersey Cattle Club held Sunday, Nov. 9th. A very interesting day was spent viewing as many herds as was time allowed.

Arriving at 9 a.m. at Major Macleod's Dunelm Jersey Farm, they proceeded to Reg. Thompson's "Eas-San-To." Jersey headquarters, then to Capt. Gibson's Westcott Farm, Geo. Cooper's farm, by the sea, was next and then to lunch served at the Temperance Hall, Keating.

H. E. Burbidge's Babbacombe Jerseys were the next to be admired by the party and then to H. W. Price's farm at Saanichton. Geo. Malcolm's El Sereno Jerseys and a guessing competition were next. After this brain-racking affair the gathering journeyed to the Sidney Hotel for tea, and then on to A. W. Aylard's Brackenhurst Jersey Farm, completing a very enjoyable day's outing.

Death of Old-Timer

There passed away here on Tuesday morning, about 10 o'clock, Mrs. Kate Berquist, at the ripe old age of 81 years. Mrs. Berquist was an old-timer in this district, having lived here for some 40 years, coming with her husband, the late Mr. Andrew Berquist (who predeceased her a number of years ago) from Vermland, Sweden.

The death of Mrs. Berquist removes one of our pioneers, who with her late husband did much to build up Sidney in the early days, and was well known for her friendly spirit and bright disposition. She died at her home here on Beacon Avenue, after a brief illness. She is survived by one son, Albert, of Vancouver, and two daughters, Mrs. H. Patterson, of Britannia Beach, and Mrs. S. K. Halseth, of Sidney.

The remains are resting at Thompson & Pelly's Funeral Parlors, Victoria, and the funeral will take place on Friday afternoon at 1 o'clock to Holy Trinity Churchyard, Patricia Bay, where interment will take place. Private service will be held in Holy Trinity Church, conducted by Rev. T. M. Hughes, at 2 o'clock. It is specially requested that there be no flowers.

NOVEMBER GARDEN HINTS

By J. A. NUNN

Broad beans planted this month will give early beans and will not be subject to pests which attack spring plantings. Broad beans are the only beans which can be planted in the fall.

Sow a row or two of spinnach now as any not used in the spring can be dug in and so add humus to the land. Put in tile drains now or at least dig out trenches to keep water from laying on the garden as it is sure to cause sour land.

Plant out some lettuce as the early heads are the ones that taste the best. Lettuce likes cool weather and can be given some protection if heavy frosts occur.

Early spring cabbage can be set out now. Cut down kale plants and new sprouts will give you some very fine greens.

Rhubarb roots should be given a covering of loose straw manure, which will help early growth.

Advertise it in the "Review."

FLOWER GARDEN SUGGESTIONS

If not already done, cut off all perennial flower stalks and, if not too woody, dig in border or bed, or put on compost heap, which should be in every garden. Annuals will be by this time in very poor shape and if it is intended to plant wallflowers or myosotis for spring blooming, no time should be lost in digging the beds and getting them in. If no spring bedding is intended, manure the beds, dig and leave rough. If the soil is heavy and wet, a light application of slaked lime will be beneficial. All dahlias should be dug and dried before storing. Care should be taken that the store room is not too hot. Gladioli should be dug and hung in bunches to dry before being cleaned. All bulbs not already planted should be done so without delay. New lawns should be seeded without loss of any more time and old lawns will be greatly benefited by a top dressing of soil and some bone meal. Do not prune roses until spring. Plant conifers at once taking care that the roots do not dry in the wind during transit. Clean up all rubbish and put on compost heap which is one of the greatest assets in any garden.

I.O.D.E. Is Thanked For Helping Solarium

The monthly meeting of the Allies Chapter, I.O.D.E., was held on Thursday afternoon in the Guide and Scout Hall, Sidney. The regent was in the chair and there were 24 members present.

A letter was read from the Solarium expressing gratitude for the great help received from the chapter. Following is a list of articles sent: 24 sweaters, two dozen stockings, two dozen bloomers, 10 blazers, 24 blouses, 24 tunics, eight sweaters, besides two pair bed socks, clothing, fruit and flowers, a crochet rug and a Christmas hamper.

The treasurer's report showed a balance of \$21.00. The educational secretary, Mrs. J. Ramsay, referred to the need of libraries in remote schools. It was decided to make an effort to raise money for this purpose.

Miss Goddard read a very interesting report of Guide activities and stated that another pack had been formed.

Mrs. Belson gave a most interesting report of the provincial meeting held at Burnaby.

The chapter was sorry to hear that Mrs. Rankin, sr., had gone away and that they will lose her from the chapter.

The chapter decided to attend the Armistice service on Sunday.

Tea was served by the Guides and the meeting adjourned.

Autos are now steered by radio, so it seems. This will enable the autoist to drive his car out in the country Sunday, while he goes to church.

A WORD CONCERNING CURTAINS

—those lace ones that have caused so many women weary back-breaking hours. The kind that used to be subjected to the harmful process of a stretcher and a hundred damaging pins! We'd like the opportunity of showing you just what we can do in the way of rejuvenating your lace curtains sans pins, sans stretcher and other harmful applications. The next time you make up your bundle why not include them? Aren't there other household things that need freshening?

POUND NOTICE

NOTICE is hereby given, under Section 20 of the "Pound District A.1." that one young Jersey heifer was impounded in the pound kept by the undersigned at Amelia Avenue, Sidney, on Friday, the 7th day of November, 1930.

F. A. THORNLEY, Poundkeeper.

We read of a singer in New York whose voice filled Aeolian Hall so completely that the audience walked out to give it room.

SOCIAL SUPPER GREAT SUCCESS

The social supper held at the North Saanich Service Club, School Cross Road, on Thursday, Nov. 6th, was an outstanding success in every way, and, as the first of its kind of the season augurs well for all similar functions to follow.

The educational value of such evenings cannot be estimated and the high quality of entertainment is in itself a source of great enjoyment.

The evening was opened by a trio of Mr. and Mrs. A. Watson and Miss Charlebois in vocal and violin solos, followed by versatile and talented members of the Gordon MacLeod English Players, personally introduced by Mr. Gordon MacLeod, who placed the company in charge of Mr. Wylie Watson for the evening.

Mr. Wylie Watson unquestionably is one of the finest comedians the stage has produced and the celebrated George Roby himself was never accorded a greater ovation. For a full hour he and his assisting artists entertained.

Following the Gordon MacLeod Players Dr. Clem Davies, the feature speaker of the evening, in a quiet, modulated voice, immediately had the audience in his grip, conveying them with graphic and vivid mind-pictures over his tour of Europe and the British Isles. So realistic were his descriptive powers that when describing a sudden storm the audience immediately put up their umbrellas—perhaps thinking it was a spring shower during a picnic down in Charlie Wilson's pasture.

Landing at Naples one could quite understand the saying "See Naples and die." On the Ruins of Pompeii, to the belching lava of Vesuvius in eruption, and to the world's masterpiece of architecture, St. Peter's Cathedral at Rome, where 70,000 people worshipped three days before their arrival. From the pandemonium of Venice to broken Austria, with its large cities in the process of disintegration through having no rural areas to support it. — A striking example that the farming communities are the backbone of any country. On through France, a land that has grown wealthy at the expense of other nations. And then on to our glorious Motherland—England. When voicing his opinions and knowledge of that great old country his voice was repeatedly drowned in applause. A country whose people are the most heavily taxed in the world to fulfil that obligation of honor, the paying of the debts of other nations that she guaranteed. He spoke of her tolerance and of how she listened hospitably to the advice of her colonies and of other nations, and then sat back and did as she pleased. But notwithstanding all this England's fundamental trait has been, is, and always will be her great "stability."

In conclusion Dr. Davies spoke with great feeling of the loss to Canadians of that right to choose their own entertainment, instead of which the control by the United States interests force the people of Canada to accept "canned movies" as their only source of entertainment whether they like it or not. He warned his audience of the great loss to our children of that heritage that is rightfully theirs to see produced by such outstanding stock companies as the Gordon MacLeod Players and D'Oly Carte Company, etc., the dramas and comedies of Shakespeare, the light operas of Gilbert and Sullivan and the present-day work of Barry, Shaw, Galsworthy and Drinkwater.

The chairman, in thanking Dr.

Basketball Games At Fulford Are Exciting

By Review Representative

FULFORD HARBOUR, Nov. 13.—On Saturday evening the Institute Hall, Fulford, was filled with a large and enthusiastic crowd eager to see the two games of basketball billed to take place.

The girls of the Victoria Steam Laundry played the Salt Spring girls and the Forresters of Victoria took on the Fulford boys, the Victoria girls getting the best of a 26-10 score while the local boys sort of evened up matters by getting the best of a 50-14 score. Several visitors came up with the teams from town and thoroughly enjoyed the dance that followed the games. Mrs. Burtucci's three-piece orchestra, from Victoria, supplied the music.

Duncan Wins, 8-3

By Review Representative

GANGES, Nov. 13.—A football game was played on the Mahon Hall grounds, Ganges, on Monday afternoon, Thanksgiving Day, between the Ganges Athletic boys and the Native Sons of Duncan. The game ended in favor of the visiting team, score 8-3.

Davies for his kindness, explained to the audience that by request Dr. Davies had been asked to give a descriptive lecture on "The Passion Play" at Oberammergau, illustrated with screen pictures taken whilst there, next Tuesday, Nov. 18th, in St. Paul's United Church, Sidney, under the auspices of the United Church.

The chairman also extended the personal thanks of the club and the district to Mr. Gordon MacLeod and his company for their sportsmanlike action in devoting the evening to the people of the district.

After a light supper dancing concluded a most enjoyable evening.
